

Hotelogix Multi-property Management

Trusted by hotel owners in 100+ countries

Now hotel chains can manage all properties from a single point

Key Features & Benefits

- **Central Reservation Office (CRO) Management** - Hotelogix offers single sign-on access to power your CRO for managing bookings across all properties seamlessly
- **CRS API** - Connect your properties to your group website to manage all online room sales and availabilities in real-time
- **Centralized Guest Information** - Enhance guest experience as guest profiles are accessible across your group of hotels
- **Group Administration** - Get better control over group operations and implement group standards centrally
- **Group MIS** - Get access to MIS in real-time and use actionable insights for better business decisions
- **Group Revenue Management** - With centralized access to manage rates and distribution, handle group wide revenues seamlessly

“Hotelogix's PMS helps us set up new hotels very easily and the intuitive user interface along with 24/7 support gets our staff onboard very quickly.”

- Kadam Jeet Jain, Co-Founder, Treebo Hotels, India

“ We needed a PMS that would be affordable for our region. The technology had to be comprehensible and the usage extremely easy for our market of small hotels. This is where Hotelogix fitted our frame. ”

- Adlai Kerr, COO, BahamaGo, The Bahamas

“ To save on computer hardware costs, specialist support staff and software maintenance of multiple solutions, we implemented Hotelogix Cloud PMS, which fully supports all our requirements. ”

- Gerard Wilkinson, Partner, The Brynafon Hotel, Wales
